APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PE-382

THIS APPLICATION is to be filed with the Director of Pollution Control, 3547 Skaha Lake Road, Penticton, B.C. V2A 7K2.

Any person who qualifies as an objector under section 16 of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of an amendment, stating the manner in which he is affected.

Preamble—The purpose of this application is due to a series of extremely wet and cold irrigating seasons, the City of Vernon has been unable to spray irrigate a sufficient volume of sewage effluent. As a result, it will be necessary to discharge into Vernon Creek a maximum of 12 000 cubic metres per day (2.64 million imperial gallons per day) of treated sewage effluent.

To improve the quality of this effluent, the City of Vernon will install temporary tertiary treatment which will remove phosphorus. It is anticipated the proposed temporary discharge of tertiary effluent will have a significantly lower impact on the Okanagan Lake system, than the discharge of secondary effluent, which occurred prior to 1977.

The Corporation of the City of Vernon, 3400—30th Street, Vernon, B.C. V1T 5E6, hereby applies for amendments, as described below, to Pollution Control Permit PE-382, granted on January 22, 1971, which authorized the discharge of treated municipal wastewater from City of Vernon sewage treatment facilities located at Vernon, B.C., to the ground.

AMENDMENTS REQUESTED

To amend the permit to read "the Corporation of the City of Vernon, 3400—30th Street, Vernon, B.C., is hereby authorized to discharge effluent from a municipal sewage collection and treatment plant system located at Vernon, B.C., to the ground by spray irrigation between April 15 and October 15, to Vernon Creek, after phosphorus removal, and to the ground via rapid infiltration basin.

To authorize additional works than those previously authorized by deleting section D of Appendix 01, which reads "the works authorized are a secondary treatment plant with chlorination facilities, smoothing basins, pressure pipeline(s), reservoir(s), spray irrigation facilities and related appurtenances; and substituting in its place the following "the works authorized are a secondary treatment plant with chlorination facilities, smoothing basins, pressure pipeline(s), reservoir(s), spray irrigation facilities, temporary phosphorus removal facilities, infiltration basin(s), and related appurtenances."

To change the quality of the effluent by deleting section C of Appendix 01, which reads "The characteristics of the effluent discharged from the treatment plant shall be equivalent to or better than an average of: suspended solids, 25 mg/L; 5-day BOD, 26 mg/L" and substituting in its place the following "the characteristics of the effluent when discharging to Vernon Creek shall be equal to typical tertiary treated effluent, and when discharging to the ground by spray irrigation or rapid infiltration, shall be equal to or better than suspended solids, 25 mg/L; 5-day BOD, 26 mg/L."

This application, dated on May 13, 1983, was posted on the ground in accordance with the Pollution Control Regulations.

OF THE SECOND PART

WHEREAS the Grantor is the registered owner in fee simple of all and singular those certain parcels or tracts of land and premises situate, lying and being in the Municipality of Abbotsford, in the Province of British Columbia, and being more particularly known and described as follows: Parcel A (Ref. And whereas a statutory right of way is essential to the operation and maintenance of the Grantee's undertaking.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH that in consideration of the sum of one dollar (\$1), now paid by the Grantee to the Grantor (the receipt whereof is hereby acknowledged) and for other valuable consideration the Grantor, for himself, his heirs, executors, administrators, successors and assigns, does hereby give and grant unto the Grantee, its successors and assigns, a statutory right of way and the full, free and unrestricted right and liberty to enter in, over and upon all and singular that certain parcel or tract of land and premises situate, lying and being in the Municipality of Abbotsford, in the Province of British Columbia, and being more particularly known and described as all that portion of Parcel A (Ref. Plan 3165) of the southeast quarter of Section 3, Township 16, except part subdivided by Plan 47214, NWD, as outlined in bold and unhatched on Statutory Right of Way Plan 65653 (hereinafter referred to as the "statutory right of way"), for the purpose of constructing, maintaining, repairing, cleaning, protecting, enlarging, reconstructing and otherwise servicing all or any part of the said works:

And this Agreement further witnesseth that in consideration of the said sum of one dollar (\$1),

hereinbefore paid by the Grantee to the Grantor and for other valuable consideration the Grantor, for himself, his heirs, executors, administrators, successors and assigns, does hereby give and grant unto the Grantee, its successors and assigns, a statutory right of way, for the purpose of temporary construction access to the said works, and the full, free and unrestricted right and liberty to enter in, over and upon all and singular that certain parcel or tract of land and premises situate, lying and being in the Municipality of Abbotsford, in the Province of British Columbia, and being more particularly known and described as all that portion of Parcel A (Ref. And the Grantor hereby grants unto the Grantee free and uninterrupted access to the statutory right of way, with or without workmen, vehicles and equipment, for the purpose of carrying out the said works.

To have and to hold unto the Grantee, its successors and assigns forever.

It is understood and agreed by and between the parties hereto that the temporary construction access statutory right of way shall expire and cease to exist from and after the _____ day of _____ 19____.

Provided, that, if construction of the said works is completed prior to the _____ day of _____ 19____, the temporary construction access statutory right of way may be released by the Grantee prior to that date upon application in writing by the Grantor:

And that the Grantor will not erect, place or maintain any building, structure, concrete driveway or concrete patio on any portion of the statutory right of way:

And that the Grantor will not do or knowingly permit to be done any act or thing which will interfere with or injure the said works and, in particular, will not carry out blasting on or adjacent to the statutory right of way, without the consent in writing of the Grantee, provided that such consent shall not be unreasonably withheld:

And that the Grantor will not diminish nor increase the soil cover over any pipe installed within the statutory right of way without the consent in writing of the Grantee:

And that any and all chattels and fixtures installed by the Grantee within the said statutory right of way shall be and shall remain chattels, any rule at law to the contrary notwithstanding, and shall belong solely and exclusively to the Grantee:

And to allow the Grantee, its agents and servants, to enter upon the said lands as aforesaid to install, repair, maintain, inspect and service the said works, and not to interfere with in any way nor prevent any such person coming on the said lands for such purposes.

THE GRANTEE HEREBY COVENANTS and agrees with the Grantor that the Grantee

- will not bury debris or rubbish of any kind in excavations or backfill, and will remove shoring and like temporary structures as backfilling proceeds;
- will thoroughly clean the site, raking up all rubbish and construction debris and leave the site in a neat and clean condition;
- will, as soon as weather and soil conditions permit and in so far as it is practicable so to do, bury, maintain, repair and/or replace and remove all underground works so as not to interfere unduly with the drainage of the said lands;
- will, as far as reasonably necessary, carry out the construction, maintenance, repair and/or replacement and renewal of the said works in a proper and workmanlike manner so as to do as little injury as possible;

And to indemnify and save harmless the Grantor, his successors and assigns, from any and all loss, damages or other expenses in any way arising from or caused by anything done hereunder.

It is mutually understood, agreed and declared by and between the parties hereto that this Agreement shall be construed as a covenant running with the land and that none of the covenants herein contained shall be personal or binding upon the parties hereto, save and except during the Grantor's seisin or ownership of any interest in the statutory right of way, and with respect only to that portion of the statutory right of way of which the Grantor shall be seised or which he shall have an interest, but that the said lands shall, nevertheless, be and remain at all times charged therewith:

And that, save as aforesaid, nothing in these presents shall be interpreted so as to restrict or prevent the Grantor from using the statutory right of way in any manner which does not interfere with the security or efficient functioning of or unobstructed access to the said works:

And that all expenses incurred in the installation of the said works, the maintenance, replacement and repairs thereto and the performing of any and all covenants herein agreed to be performed by the Grantee shall be borne and paid for by the Grantee.

This Agreement shall enure to the benefit of and be binding upon the parties hereto, their respective heirs, executors, administrators, successors and assigns.

Wherever the singular or the masculine is used in this Agreement, the same shall be construed as meaning the plural or the feminine or the body corporate or politic where the context or the parties hereto so require.
